New Algonquin Park Policy

In a major policy statement at Queen's Park Tuesday on the future of Algonquin Park, Minister of Natural Resources Leo Bernier revealed logging by private companies, cottages and the use of outboard motors and snow machines will all be phased out of the park.

Reading from a 23-page statement, Mr. Bernier said that an "Algonquin Forest Authority" will be set up as a crown agency responsible for all forest management including logging activities.

Mr. Bernier also indicated that expansion of the park's acreage, particularly along its southern boundaries, is currently under study with recommendations expected by the end of the year.

Highlights of the policy report are as follows:

- Algonquin Park will continue as "an average man's wilderness";
- all existing licenses held by logging companies will be cancelled and replaced by supply agreements between the companies and the proposed Algonquin Forest Authority;
- cottages will be removed from the park as their leases expire, with all cottages gone by 1996;
- starting in 1974 outboard motors and snow machines will be phased out of the park except where needed for park management. Only exception will be an existing snowmobile trail through Bruton and Clyde townships;
- satellite parks will be established;

- lodges will be permitted to operate until 1996;
- youth camps will be encouraged;
- the 3,100 employment opportunities now provided by the park and the economic base it now supports will be preserved.

MINDEN ROTARY CARNIVAL JULY 25 - 26

The yearly S.F. Stinson Memorial Canoe Race will lead off the 26th Annual Minden Rotary Carnival next week with participants paddling down the Gull River from Rotary Park to the finish line at the Main St. bridge.

Continued on Page 5

GRANT YOUTHS \$3,250 TO REMOVE WRECKED CARS

If four Haliburton High School students have their way the provincial government's "War on Wrecks" will be a thing of the past before it ever gets off the ground . . . in Haliburton County, that is.

The foursome: Tom Elder, 17, Minden, Miles Roberts, 17, and Tom Voicy, 18, both of Haliburton and Allan Bull, 18, of Eagle Lake, have received an Opportunity For Youth grant to rid the countryside of wrecked automobiles.

In operation under the name of "Operation Cleanup" since June

the boys became alarmed at the profusion of eyesore wrecks and decided to apply for a grant. This was done at the suggestion of John Peel, a Haliburton Highlands Secondary School drafting teacher who also agreed to loan them his own tow-truck for "Operation Cleanup."

The grant, which totals \$3,250 including money for gasoline, reimburses each of the four youths for his time and effort.

In operation, two of the young men range ahead in a car spotting wrecks and arranging for permission to remove them. Riding the tow-truck, the other two look after the actual hauling away.

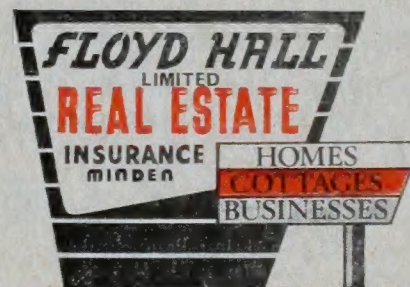

The lads are not allowed to pay for the wrecks, nor to accept money for towing them away. They have permission to store them on a chicken farm near Haliburton Village. Come the end of their ten-week season and the group will sell their accumulation of wrecks for scrap metal.

Their goal for the season? A minimum total of 100 cars.

Anyone wishing to have their wrecked car or cars removed at no charge is asked to call Tom Elder at 286-2172.

25th, the four teenagers have disposed of 15 cars to date. With a deep interest in cars,

12 MILE LAKE

3 bedroom older summer home on 2 acre nicely wooded lot, beautiful view over lake just across, year round road. \$18,000.00 cash preferred.

MAPLE LAKE

2 bedroom cottage with enclosed porch, fully furnished, hot and cold water, 2 pc. bath beautiful landscaped lot, sand beach. \$17,500.00 — \$5,000.00 down.

LISTINGS URGENTLY WANTED

CBC FILMS "NATIONAL DREAM" SCENES NEAR MINDEN

It was shades of the 1880's a week ago as a 40-man crew of CBC film makers joined Russ Hawley Construction Co., Bancroft, to stage a special 60-case dynamite explosion beside Highway 35, three miles north of Minden. They were filming scenes from the forthcoming, six episode documentary-drama "The National Dream", based on Pierre Berton's best-seller about the building of the Canadian Pacific Railway, and to be seen starting next March. Above, Mrs. Patricia Harshaw, the CBC's Chief Makeup Artist, is seen with three actors in authentic garb of the 1880's, (left to right) Larry Halter, Toronto, John Swindells, Niagara-On-The-Lake, and Daniel Sampson, Willowdale.

HERE AND THERE

by

Fenwick Finch

By Godfrey this past two weeks has sure slipped around I been havin' it quite easy like since my good friend Earl T. Monahan has been doin' the column — and a dern good job he does too. I'd imagine even Chester Snavelly would be on his team. So, once more I'm in debt to you, Earl — you may have to wait for an extra star in your crown but you can be sure it will be there.

Notes have been piling up on my desk and I hardly know where to start. Little did I know when I run that story of Al McMullen's on the "Venice Call Girl" that I'd get so involved. I've been getting calls and personal contacts about the story — where did I go wrong, Al? Did I miss something? Maybe you'd better drop me a line and get me off the hook. Somewhere, somehow, somebody must have lost something. The following letter from Sean Eyre of CHEX Peterborough and Elwood Cranston, Cordova seems to sum it up.

"Re your record paragraph in the June 28th edition of the Progress — what in Hell is the punch line in the joke?

Are we geting old or is it because we're from Peterborough and Cordova?"

Now, when you get a letter like that from a couple of smart cookies from down to the city you gotta take a look at yer fences. The story seemed funny to me but maybe she's missin' somethin. You can't win 'em all but I thought them city fellars would get things quicker than us fellars up here to the country. Maybe she weren't told right.

Elwood sent us along a story and here she is — if I don't put this one acrost then we'll have to take a long look at any further story tellin'.

"The high cost of meat continues to be a problem — it's really getting bad. Why, yesterday at the Bank, Elwood Cranston in Cordova saw a guy try to stuff a pot roast into a safety deposit box!"

So there you have 'er — I just tells 'em, I don't explain them.

Thanks to Sean and Elwood fer bein' interested enuff to write me. Guess maybe them city fellars don't go fer them subtile stories, they understands the direct pie-in-the-face routine best.

Wanted to tell you about Dean Elliott's idea but we're out of space — but we'll get to it next week.

Marge Mitchell (the Gas Bar) is open again after the alterations — her place is twice as big and beautifully finished. Everything else has changed but the food remains the same — excellent. Drop in and see her, you'll like the changes.

Jumpin' from one place to another gitten' coffee leads into quite a few stories one way and another. Dropped into "Granny's"—John Staley's on the by-pass—and good food and coffee he has. I was amazed at the space inside, but more next week.

Drive carefully and be around to hear about the "kidnappin'."

TWO NEW STAMPS

Ottawa - Postmaster General Andre Ouellet announced last week that two commemorative stamps will be issued August 2 in recognition of the visit to Ottawa July 31 to August 4 of Her Majesty Queen Elizabeth II and the meeting in Ottawa of the Commonwealth Heads of Government of the Queen and His Royal Highness the Duke of Edinburgh. During the visit a meeting of the Commonwealth

Heads of Government will be held from August 2 until August 10.

Both stamps will bear the same basic design distinguished by different background colours. One will be an eight-cent denomination for use on first class domestic mail and the other a 15-cent denomination for overseas air mail. The stamps will be larger than any the Canada Post Office has issued before.

**FOOT PROBLEMS ON
 INCREASE**

Eighty-four per cent of all Canadians are careless about foot health — and it's starting to take its toll, according to Dr. Delbert Clemow, prominent Toronto podiatrist.

Dr. Clemow says there has been a startling increase in the number and variety of foot problems encountered by members of the podiatric profession, and he points out there is need for greater recognition of the importance of foot care in maintaining good overall health standards.

More and more old people are requiring special foot care and some of the ailments diagnosed by podiatrists indicate their origin goes back to the early years in the life of the individual. Podiatrists, whose practice is confined entirely to problems associated with the feet, note that they are seeing more patients in the middle and upper age brackets and fewer patients among the youth groups.

"When the child is only a few years old, parents pay special attention to vision and other health matters, but seldom give a thought to the need for proper foot care," states Dr. Clemow. "Very often, this is the time when foot problems have their beginning."

Dr. Clemow feels that general health standards can be greatly improved if individuals are properly educated concerning the need for attention to all parts of the body and not only those which are traditionally the centre of attention.

In the case of podiatric medicine, although the practice deals only with foot care, many circulatory ailments affecting other parts of the body are detected as a result of examination of the foot. There are more two-way referrals between general practitioners and podiatrists now than at any time in the past.

One factor in the increase in foot ailments has been a lack of knowledge of the function of the podiatrist and the specialist role he plays in detecting and correcting foot faults. The general public has not been educated to the need for periodic examination of the feet and as a consequence, minor foot problems become, in later years, major foot problems.

To reverse this trend, podiatrists are stressing the need for early examination of the feet in the formative years in the life of a child.

EDITORIAL

with Bill Foote

ELECTORAL BOUNDARIES

According to Bill Scott's "The Nation's Business" in this issue of the Progress it is proposed to bring the riding of Victoria-Haliburton more in line with the rest of Ontario by increasing the num-

ber of constituents represented by its federal member from the present 61,000 to 76,653. But in the process it is also proposed to change the name of the riding to Victoria-Durham and to drop the townships of Thorah and Brook out of the riding along with the six Hastings County townships that have been in the riding for such a long time.

Mr. Scott is opposed to these changes. His arguments make good sense and should be heeded. So long as the reasons for tying Victoria and Haliburton together are valid, the name off the riding should not be changed simply in order to add a few thousand new constituents. And it is surely capricious to arbitrarily delete the people of eight townships from participation in "their" riding unless there is simply no other way to accomplish the necessary changes.

OPERATION CLEAN-UP

What appears to be the first positive step towards the elimination of "eyesore automobiles" in the fields and yards of Haliburton County has been taken by four of our enterprising teenagers. In a bold and imaginative stroke this summer the young men expressed their concern over our car cluttered countryside by conceiving the project—"Operation Clean-up" then applying for, and receiving an OFY grant. Armed with a borrowed tow truck they are offering to haul away and dispose of old, unsightly wrecked cars at no charge.

The problem these young men are attempting to correct was not of their doing; nor was it to any appreciable extent created by their generation. Yet it is they, and not the older generation, that have demonstrated real initiative and concern for this problem.

We take our hats off to these four young men and their project "Operation Clean-up". They merit not only our commendation, but our whole and unstinting support. You can call them at 286-2172 and arrange to have those wrecks removed from your premises free-of-charge. Let's do so now.

STRESS

More and more the trend these days is towards a low pressure life. Daily it becomes more common to trade off the security of a corporate business life for peace of mind. Just last week a salaried service supervisor who travels throughout Ontario on behalf of one of North America's largest companies announced in The Progress office that he was quitting his job. In the midst of his summer vacation in the Highlands, he made the decision to leave the "big city rat race", move to the Haliburtons and enjoy each and every day. He is not alone. The number of those making similar moves to the Haliburtons and kindred areas grows daily.

When it is considered that moves such as these are made despite spiralling living costs and what would seem to be an obvious and growing need for financial and job security then the impetus for such decisions must surely both profound and compelling. Apparently, the human animal can cope with just so much stress and regimentation.

LETTER TO THE EDITOR

A good cartoon last week. We want to hear more about those mushroom pickers.

Keep needling away till they show themselves.

We want to know what they are finding? What hours they put in? Where they are looking and exactly what for?

We have a right to know as taxpayers just exactly how they are using the 4,670.00.

How many persons are in this group it would also be interesting to know.

Thank you for follow-up.

Yours truly
Dorothy Shantz

NINE INJURED IN WEEKEND ACCIDENTS

Nine persons were injured in two area traffic accidents over the weekend.

Late Sunday evening on Harburn Road, ten miles north of Haliburton a head-on collision occurred sending one car up in flames trapping the driver, David Metcalfe, 17, of Downsview and his three passengers, Karen Mills, 17, Katryne Mills, 18 and Doug Mills, 18, all of Toronto.

Driver of the other car, Henry Evering, 45, of Toronto, put the fire out with sand from the roadside.

Mr. Evering, his wife and two children were rushed to Haliburton Red Cross Hospital and treated for minor injuries.

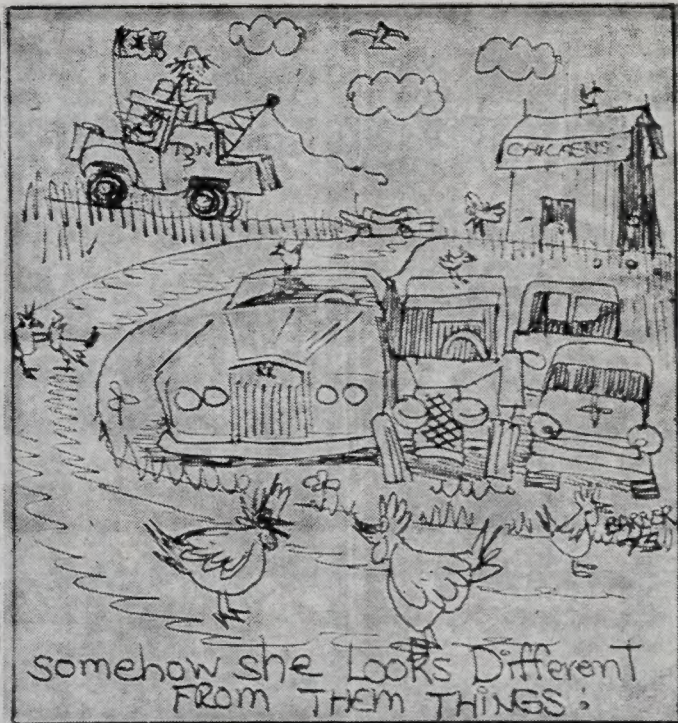

Mr. Metcalfe and his passengers were also rushed to Haliburton Red Cross Hospital then later transferred to other hospitals.

The Mills girls were taken to a hospital in London, Ontario.

Both Mr. Metcalfe and Mr. Mills were transferred to Peterborough General Hospital. Mr. Metcalfe has severe head injuries and a broken leg and Mr. Mills is still in a coma.

Also on Sunday, a two car collision on Kennis Lake Road saw one person injured and \$800 damage.

Investigation by Provincial Constable Hickey.

TENDERS

Tenders are invited for the following road construction equipment:

One-Tractor Bulldozer — Crawler — Minimum 75 Draw Bar Horsepower

One Front End Loader — Minimum Bucket Capacity 1 cu. yd.

One-Backhoe — Minimum digging dept — 15 feet.

One-Two Hammer Compressor — Minimum 200 C. F. M.

Two-Single Rear Axle Trucks — Minimum 27,000 G.V.W.

Four-Tandem Rear Axle Trucks — Minimum 40,000 G.V.W.

Job Location: Hinden Anson Forest Access Road, located approximately 4 1/4 miles west of the Bobcaygeon road on Haliburton County Road No. 1

2 1/2 miles to be constructed in a southerly direction to commence approximately August 6, 1973. Starting date for various equipment will be announced at a later date.

Interested parties may obtain tenders at the Ministry of Natural Resources District Office, Minden, Ontario. Closing date, 12 o'clock noon, Friday, August 3, 1973.

Travelling time to and from the job, as well as machine floating time, fuels, lubricants, maintenance, moving of compressor, sharpening or replacing drill bits is the tender's responsibility.

Tendered equipment must operate at stated capacities.

Tenders may be submitted for one or all items.

Tenders must be submitted on proper tender forms.

Lowest or any tender not necessarily accepted.

ELMER TO GIVE BIKES TO KIDS

Each week for the next four weeks Haliburton County children will have the opportunity to win one of four bicycles plus 50 other prizes by entering Elmer's Safety Contest.

Sponsored by The Minden Progress and seven other local businesses, the contest requires entrants to color each week's contest entry appearing in the Progress and indicate the Elmer rule being broken.

Sponsoring firms include:

Cox's Apparel
Deanwood Ltd.
Minden Glass and Mirror
Minden Red and White
Miss Nora Hairstyling
Robert Case Real Estate
Vanzeyl's Restaurant

In 1972, according to the Ontario Safety League, 77 pedestrians and 37 cyclists between the ages of 5 and 14 were fatally injured in traffic accidents in Ontario. A further 3,017 pedestrians and 1,656 cyclists were injured — a tragic record of death and suffering.

Traffic safety drills are common during the school year thanks to conscientious teachers and police officers. Elmer, the ever popular Safety Elephant, says, "We can't disrupt the safety train for the summer months and we won't. The potential of reaching thousands upon thousands of children with a review of my basic traffic safety rules is tremendous and paramount."

True to his word, Elmer is working hard this summer, planning and operating his 1973 Safety Contest, a 4 part series combining fun and possible prizes for participants with a subtle lesson in traffic safety for all along the way.

The Progress urges you to get all the kids everywhere to study up on Elmer's 6 rules, read them, think about them, remember them, but most of all, use them every day . . .

1. Look both ways before you cross the street.
2. Keep from between parked cars.
3. Ride your bike safely and obey all signs and signals
4. Play your games in a safe place away from the street.
5. Walk when you leave the curb.
6. Where there are no sidewalks, walk on the left side of the road facing traffic.

... Then watch for Elmer's Safety Contest in The Minden Progress starting next week.

DORSET REGATTA NEXT SUNDAY

The Dorset Regatta will be held next Sunday, July 22, at 2 p. m. at the Highway Park in Dorset. Sixteen canoe and eight swimming races make up the programme, which includes championship paddling and novelty races.

The Haliburton Men's Doubles half-mile championship will be up for grabs and a new event this year will be the Government Mixed Doubles Reverse. One of the pair will have to be employed by a government agency, federal, provincial or township and paddle with backs to the finish line.

The Dorset Anglican Association heads up this community Regatta. A short public Church Service will precede the Regatta at 1. p. m.

MINDEN FAIR AUGUST 25 — 26

This year, the Minden Fair's featured stage performance will be Mac Beattie and the Ottawa Valley Melodiers.

The fair, to be held on August 25 and 26, will include a parade, contests and prizes, a horse show, and various exhibits.

A Swedish juggler and the Williams Brothers, an acrobatic team, plus vocalists and step dancers will be on hand to entertain in support of the featured stage attraction.

As in the past years, there will be a midway with rides and amusements for all.

A special dance will be held on the Saturday night of the fair.

The prize list, containing hundreds of fair exhibit categories, is available from the Secretary-Treasurer, Miss Linda Pitts, R.R. #2, Haliburton.

CANOE CAMPING DEMONSTRATION UNIT

The Ontario Safety League's Canoe, Camping Demonstration Unit is in full swing in Algonquin Park. Headlined by the internationally known Canadian canoeist, Omer Stringer and assisted by Rob Dawson, a former park ranger, programs are being presented in the campgrounds and summer camps throughout the month of July.

The proper use of canoes is demonstrated and spectators are given the chance to try their hand at paddling with the assistance of the skilled teachers. Camping equipment, tripping techniques and care of the environment are all discussed with those attending the programs.

Every Wednesday, a canoe outing is conducted jointly by park naturalists and Ontario Safety League personnel when canoeing techniques can be put into practice and the wonder of nature enjoyed with the assistance of professional supervision.

The programs offered by the Ontario Safety League in Algonquin are free to everyone and jointly sponsored by the Ontario Ministry of Natural Resources and the Canadian National Sportsman's Show. Anyone wishing to learn more about camping, canoeing and outdoor vacations is cordially invited to attend. A schedule of the League's daily programs in Algonquin is available at the east or west entrance to the park and at all the camp grounds.

Continued from Page 1

Scheduled for next Wednesday and Thursday, the two day carnival will feature the canoe racing event at 6:30 p.m., followed by the traditional carnival parade at 7:30 p.m.

Before the turn of the century Samuel Frederick Stinson owned and operated the Stinson Mills located at the present site of the Orillia power dam. His paddling skill and his love for canoes were well known. During the summer months he would often paddle his wife and four children from the Mills to Gull Lake for a picnic. With his great friend and bowman Jim Fairfield he loved to compete in the annual races on the Gull River. Stinson and Fairfield in the canoe "Ben Hur" were hard to beat.

The annual race was brought back at the time of the Minden Centennial. Mr. Stinson's grandson Dr. David Stinson presents the Stinson Memorial Trophy to the winner of the mile long down river contest sponsored by the Rotary.

The parade itself will leave the I.G.A. building next door to The Progress building and will wind up at the new Minden Arena, site of the carnival itself.

Featured will be two marching bands - the Haliburton Legion Pipe Band and the Brampton Clown Band. Prizes will be awarded for the best commercial float, best resort float, best decorated bicycle, best costume 14 years and under, best adult costume and best float from a camp or organization.

There will also be a Grand Champion Award for the best overall float, a first for the carnival.

Other features of the two-day event include a merry-go-round plus several other rides and familiar games, a Summerfest each evening in the arena auditorium, a National Film Board booth and a Royal Ontario Museum travelling museum.

Tuesday evening the winner of the 50-50 draw will be picked with the winner receiving 50 per cent of the draw proceeds. The other half going for community service work.

A Labatt's Caravan will provide music throughout the carnival area and will, additionally, cover all events of the two-day affair.

CANDLEWOOD IS FOR EVERYONE

Around The Bases

with THE BEAGLE

STEDMAN RAIDERS

FRONT ROW: Left to right — Allen Trepanier, Barry Shaw, David Trepanier, Dennis Good, Mark Schell, Danny Byrne.

BACK ROW: — Wayne Johnson, Pat Byrne, Team Sponsor Gerry Pillsworth, Floyd Henry, John Wilson, Larry Kent, Coach Neil Burk and mascots Lindsay Pillsworth and Andrew Burk.

Raiders Whip Shufflers 5 — 0

Stedmans picked up their first win of the schedule from the Dominion Boys moving them temporarily into a tie for third place. With flawless pitching by Mark Schell the Raiders completely dominated the game as the Shufflers hardly threatened to score during the game. Dennis Good with a homer and Pat Byrne (double) were the big guns for the winners. George Wright and Cliff Burke handled the game.

Raiders Squeeze Past Merchants 9 — 8

In a very close game on Monday night Stedmans beat Haliburton to end up even on the year with the Merchants at 2 games each. Haliburton picked up a early lead as Salvatori hit a home run with a man on for a 2-0 lead. It was a see-saw battle until the fifth inning and the score was 4 — 4. In the sixth Haliburton picked up four runs to take a commanding lead of 8-4. the Raiders however picked up 2 runs in the sixth to tighten the score to 8-6. In the last of the seventh the Merchants got the first two Raiders and it looked as if it was all over. However, singles by Schell and Wilson kept the game alive and brought Pat Byrne to the plate. After waiting for the pitch he wanted Pat promptly swatted a homer for the big win. Mark Schell was the winning pitcher while Haven Cooke took the loss.

Cliff Burke and Tom Boice umpired the game.

Dominion Hotel Blank Bracebridge 6 — 0

In the return game of an Exhibition Series the Shufflers proved to be too much for the visitors.

Jack Snell pitched a near perfect game and held Bracebridge to only three hits. Bill Devereaux hit the only homer of the game. Both teams adjourned to the curling rink for refreshments and lunch. This could turn into an annual affair as a great time was had by the clubs at both games.

George Wright and Dwight Thomas umpired the game.

Dominion Ball Club would like to thank the curling club and also Eldon Deacon and Bill Payne for the entertainment.

FIDDLE GUESTS AT BOBCAYGEON

Two North American Fiddle Champions, Rudy Meeks and Graham Townsend will be headliner guests in Bobcaygeon, Ontario at the 4th annual "Kawartha Lakes - Ontario Open" Fiddle Contest being held on Friday, July 27th at 7:00 p.m.

The program gets under way at 6:45 p.m. when Harvie Howe from Lindsay, Ontario, backed by His Harvesters, sings his latest hit recording "I Can't Win".

During the evening banjo player Russell McElwain, Omeenee, will be joined by Frank and Julie Leahy and The Little Leahy Stepdancers from Douro. On stage, too, will be Tommy Langley, noted Lindsay drummer, for a fun-filled evening.

In 1970 eighteen fiddlers par-

ticipated; in 1971 there were 40 contestants, and in 1972 62 fiddlers registered to play. Once again the stage is set in the beautiful spacious Bobcaygeon Community Centre.

Rudy Meeks is from Orillia and was 3rd in the Canadian Open at Shelburne, Ontario, in 1971, and that same year won top honours at Bobcaygeon. In 1972 he placed first at Shelburne, appeared as a guest at Bobcaygeon and this year he's back again as a guest.

Graham Townsend will be guesting at Bobcaygeon for his 4th consecutive year. He is the only four times North American Champion, winning at Shelburne in 1963, 1968, 1969, and 1970.

Each year Shelburne, Ontario hosts the "Canadian Open" Fiddle Contest, and each year Bobcaygeon, Ontario, hosts the "Ontario Open" Fiddle Contest.

ABOUT THE TOWN

with Jeanne Sears

In a recent change in proprietorship, Jack Snell and Gene Newell have taken over the Supertest Garage from J. O. Jackson. Welding and car repairs are their specialty. We wish them well in their new venture.

Mrs. Edith Welch having retired from her busy life at Cozy Cabins, was joined by relatives and friends of the years past, to a "gathering together" and to dedicate her new home in the Pines. This beautiful Service was led by her Pastor, Rev. A. Hutchison. Everyone enjoyed a social time and departed carrying home one more happy memory.

Members of the Orange Lodges celebrated the Twelfth of July with the Bancroft and area Lodges in their Parade last Saturday.

Sincere sympathy to the family and friends of the late A. H. Earle of Badger, Newfoundland and father of Harry Earle. Also to the family of the late Archibald Burns.

Several persons are in out-of-town hospitals with best wishes going to Don James, at Oshawa General Hospital and to Loretta Palmer at Toronto General Hospital.

Saturday afternoon, it was interesting to see and hear the Pritchards, Lawrence and Doug at the Anglican Church Auction Sale. The crowd enjoyed the sale and purchased some bargains. Winner of the painting done and donated by Walter Noice was won by Ila Lytle. Proceeds from the Auction Sale and Ticket Sales went to St. Paul's Building Fund.

The old Minden Furniture Warehouse on Main St. next to the river is undergoing a real transformation these days. Len and Roger Creelman are completely modernizing the building. Their 'Candlewood Gifts' occupies half the building and is now open. A visit to see their range of lovely gifts would be well worthwhile.

Recent guests with Mrs. H. Welch were Pat and Ron Welch and girls of Frankfort and her other son Gerald Welch of Quincy, Florida is spending this week with her.

Carnivals are the order of the day with the Legion one being this week. Next week will be Minden's Rotary Carnival with the Parade on Wednesday and games to follow. Then the next week will be Haliburton Rotary and there too a parade is part of this.

Once again this year there will be the Canoe Race on Wednesday July 25th from the Rotary Park to the Bridge for the Stinson Trophy.

Next Monday night at Haliburton High School Auditorium will be live theatre, a comedy, Rookery Nook.

Sunday was very pleasant for the Prentice Re-union, held at Birchmere Lodge, Orillia, as guests of Bryan Prentice. There was a delicious dinner served to the fifty-seven persons present and everyone enjoyed the stage play Charlie Brown presented by Andrew Prentice.

Has been really summery weather, rather dry in the bush so be careful with fires. Cherio until next week.

Cheerio until next week.

THE 5,000 MILE RIDE

Lucy Leaf and Karla Edmunds have travelled some 1,000 miles on horseback and still have about 4,000 more to go.

They arrived in Haliburton County two weeks ago en route from their home town Surrey, Maine, to Montana and the Rockies. Begun in early May, the trip is expected to take until October.

Crossing into Canada at Prescott, the girls tried to keep to back roads and went through some towns that "aren't even on the map". "Canadians are wonderful," Lucy said. "Many people have offered us accommodation food and all sorts of assistance," Karla added.

"At one dairy farm our horses were given the run of the fields, we were shown how to milk cows and also how to tap maple syrup. Then, our host and hostess invited us in for french toast with fresh maple syrup," the girls stated.

At another country home the girls were allowed to use a special campsite, asked in for breakfast in the morning and given the use of the family car to do some shopping. "Imagine," said Lucy. "All this for us, total strangers."

On the road for two months now, the girls have had no mishaps.

"The weather has been good to us, except in the White Mountains, New Hampshire where a light drizzle fell every day and it was quite cold at night," Lucy pointed out.

From Haliburton, the girls are making their way, about 25 miles a day to Parry Sound Sudbury and Sault Ste. Marie. There they cross back into the States. Then it's on to Montana and the Rockies.

Travelling on horseback means travelling light . . . less than 200 pounds of essentials. Two sleeping bags, a small tent, warm and light clothes, good walking shoes, basic cooking equipment, rain coats and a tape recorder. They are using old U.S. Army Cavalry saddles.

All gear had to be in good repair before they set out. Certainly, if anything broke, repairs could be difficult and expensive. Much of their equipment has two uses. For example the blankets that go under the horses saddles during the day are used under sleeping bags at night. Consequently the girls bought only the best equipment so it would be sure to last the trip. The pack horse, Mendel, carries approximately 150 lbs., while the other two horses Igor and Tammy carry 30 lbs. each plus the other girls.

Naturally, travelling in this fashion means doing without

the usual modern facilities. The girls don't really mind, however. They bathe in the nearest lake or river and as for other facilities, simply look for the nearest trees marked "hers".

Upon reaching Montana the girls intend to work for awhile. Lucy is a graduate in animal science while Karla is a teach-

er, so there shouldn't be much of a problem finding jobs. They plan to stay in Montana for a few months then make their way to Baja California, where they hope to crew on a sailboat. The girls want to eventually go back to their home town in the New England States.

JULY 23 — JULY 28

BY

BEN TRAVERS

THE NATION'S BUSINESS

by William Scott M.P.

Many controversial topics have been reviewed in this column from time to time, not so much because of the controversial aspects of the subjects but rather because of the great interest they have generated across the country.

One such topic is the matter of electoral boundaries readjustment, the re-arrangement of the boundaries of federal ridings. A study of existing boundaries was called for in an act passed by parliament in 1970, and a commission was established in July, 1972 to undertake a study, based on the population of the country as determined by the 1971 national census.

That census revealed that Canada's population has been transient to a larger degree than had been thought, and it was learned that some ridings had experienced a reduction in population, some had experienced very minor changes, while others had grown at a faster rate than the national average.

In those circumstances it is understandable that a new average per riding had to be worked out, in order to re-establish a balance of member to constituents. In some cases a member might represent a hundred thousand constituents, while another might only be representing fifty or sixty thousand.

With this in mind, the members of the electoral boundaries commission set out to change the boundaries of all or most of the federal ridings across the country. Their first report was tabled early this year, and their recommendations stirred up so much protest that they revised the earlier recommendations and came up with the one we have now, published just last week.

Ontario has experienced a

greater rate of population increase since the 1961 census than most of the other provinces, and the committee has recommended that the number of members in parliament from Ontario be increased from 88 to 91. Using the new population figures, divided by the number of members, it will be seen that the average number of constituents to members in Ontario would be 84,649.

The recommended number for Victoria-Haliburton is 76,653, up from the present 61,000. It is obvious from this that some changes are called for, if our riding is to be brought into line with other ridings. However, I am not happy with the arrangement that has been proposed.

The name of the riding would be changed to Victoria-Durham, and while I can't quarrel with a name change as such, the change is based on a recommendation that would separate Haliburton from Victoria, and I can't go along with that.

Victoria and Haliburton have been tied together in the same

riding for a longer time than I can remember. The reasons why they were joined in the first place are still valid reasons, and it will not serve any good purpose to change this situation just for the sake of adding a few thousand new constituents.

Another recommendation that I have opposed, and will continue to oppose, is the proposal to take the Townships of Thorah and Brock out of the riding, and the six Townships in Hastings County that have been in the riding for so long. The people in those Townships have gotten used to being associated in this way with Victoria-Haliburton, and it has been my impression, in talking with the people from Hastings, and Brock and Thorah, that they like the present arrangement.

There is a government bill before the House right now to have these recommendations set aside, no doubt the result of general dissatisfaction with the recommendations. I intend to support that bill. I believe that we need more time to study the problem before we set about making changes.

STANHOPE FIREMAN'S DANCE

Last Friday, July 13th, the Stanhope Fireman's Association held a very successful dance and buffet at Medley's. The large crowd enjoyed the excellent music provided by Ray Jenkins and group. A delicious buffet was arranged by the wives of the firemen.

Reeve Sinc Nesbitt, of Stanhope Township, introduced the new fire chief, Richard Kinsman

who explained the program of the voluntary fire department and thanked everyone for their support.

The following businesses contributed prizes: Ballantyne's Store, Cherokee Resort, Clansman Motel, Cooper Pitts Real Estate, Foster's General Store, Glenroy Lodge, Greg's Gifts, Highland Cottages, Homestead Cottages, Kinsman's Cottages, Levitt's Store, Lil Chich Inn, Little Hawk Resort, Loralea

Lodge, Matabanick Inn, Medley's Dance and Bowl, Oakview Lodge, Stinson's Store.

Question: We'd like to do something to "dress up" the basement in our new house without too much expense. The basement isn't painted, tiled, or finished in any way. Any suggestions?

Answer: A good high-gloss paint made especially for concrete floors will do wonders for the appearance of basements at minimal cost. I recommend Tremco Colortread concrete paint. It's a rubber-base paint that seals out dampness and provides a durable, high-gloss finish that looks great. And, if you decide to tile later on, you can put down the tile right over Colortread with no special preparation.

To apply Colortread concrete paint, just make the floor as dry and dust-free as possible. No primer is needed, and one coat will cover unless your floor is very porous. In that case, a second coat is recommended.

You can make the job go faster by applying Colortread with a long-handled roller. And it dries in just two hours to a durable gloss finish that's easy to keep clean with a damp mop. Colortread also prevents musty basement odors by sealing out moisture and dampness. And it stops concrete-floor "dusting" problems.

Tremco Colortread paint comes in five decorative colours in Imperial gallons and quarts. One gallon covers about 400 square feet.

For more information on concrete paints, write to Tom Tremfix, The Tremco Manufacturing Company (Canada), Ltd., Toronto, Ontario M4H 1G7.
